

## Taking a shot to help save a life: Canada Life to make donation to Canadian Blood Services at Regina Pats game

*Donations to be made in Vonn Choneyko and Lincoln Honoway's name*

Regina, SK, January 2, 2020. . . Two local Canadian Blood Services recipients will take a shot to help save a life at the Regina Pats game on Sunday, Jan. 5.

As the game's presenting sponsor, Canada Life will invite 10-year-old **Vonn Choneyko** and seven-year-old **Lincoln Honoway** to shoot for the chance to have a \$500 donation made to Canadian Blood Services in each of their names.

- **Vonn Choneyko** received a stem cell transplant last summer after being diagnosed with Fanconi Anemia (FA) in 2015, a rare DNA-repair disease that could lead to bone marrow failure, leukemia, and/or solid tumors.
- **Lincoln Honoway** received a stem cell transplant in at the age of four after being diagnosed with a sever case of Aplastic Anemia, a condition that occurs when the body stops producing enough new blood cells.

"Every minute of every day, someone in Canada needs blood," said Jeff Macoun, President and Chief Operating Officer, Canada, Canada Life. "We're proud to continue our long-standing partnership with Canadian Blood Services and at the same time, offer these young people a chance to make a meaningful contribution to a cause they care about so deeply."

Canada Life has been a dedicated supporter of Canadian Blood Services for more than 50 years. In 2015, Canada Life made a national commitment to support Canadian Blood Services and Hema Quebec Donor Services by officially joining the Partners for Life program. The company is also a founding national sponsor of the NextGen Lifeline program. In 2019, Canada Life extended their support for Canadian Blood Services by partnering with them for select Canadian Hockey League Game Nights in communities across the country.

### About Canadian Blood Services

Canadian Blood Services is a not-for-profit charitable organization. Regulated by Health Canada as a biologics manufacturer and primarily funded by the provincial and territorial ministries of health, Canadian Blood Services operates with a national scope, infrastructure and governance that make it unique within Canadian healthcare. In the domain of blood, plasma and stem cells, we provide services for patients on behalf of all provincial and territorial governments except Quebec. The national transplant registry for interprovincial organ sharing and related programs reaches into all provinces and territories, as a biological lifeline for Canadians.
