

Freedom Financial

NextStep Schedule of fees

canada  lifeTM

Schedule of fees

Group savings plans

Registered retirement savings plan (RRSP)

Tax-free savings account (TFSA)

Non-registered savings plan (NRSP)

Registered education savings plan (RESP)

Group retirement income plans

Registered retirement income fund (RRIF)

Life income fund (LIF)

Locked-in retirement income fund (LRIF)

Restricted life income fund (RLIF)

Prescribed registered retirement income fund (PRRIF)

There are certain administrative costs for your plan(s) shown in this Schedule of fees, effective November 30, 2023. Extra charges may be incurred where permitted by law or otherwise disclosed to you. Your plan member certificate(s) govern your rights and responsibilities under the plan(s). Call 1-800-724-3402 if you have any questions.

The Freedom Financial™ NextStep™ plans are sponsored by The Canada Life Insurance Company of Canada (CLICC). NextStep group retirement savings and income products are issued by The Canada Life Assurance Company (Canada Life). The issuer is referenced in this document as “us”, “we” and “our.” Other defined terms in this Schedule of fees have the meaning given to them in your member certificate(s).

Interest rates

Guaranteed investment accounts earn interest as described in the applicable investment rules. Interest rates are determined daily.

Investments in guaranteed investment accounts (excluding daily interest accounts) are credited with interest at a rate equal to our standard rate, plus a rate enhancement.

Fee for investment management

Investment management fees (IMFs) are paid to investment managers for their professional services, including daily fund management. IMFs may include a fee to Canada Life for the cost of administering and servicing your plan. IMFs are based on the asset value of each fund and are paid directly from the fund daily. IMFs don't include applicable taxes, which are also charged.

Fund operating expenses (FOEs) are charged directly to the fund to cover costs and expenses. Examples of these expenses include:

- Audit and custodial fees
- Fund transaction costs
- Taxes paid by the fund
- Bank fees
- Fund valuation and reporting costs

FOEs may be related to third-party investment manager underlying funds and/or our segregated funds. These fees are charged as they occur and don't include applicable taxes, which are also charged. The total amount is calculated and reported to you at the end of each year. The amount we report will usually be the previous year-end charges, calculated as a percentage of the fund.

The investment management fee and expense (IMFE) is the IMF plus FOE, excluding applicable taxes. Information about these fees can be found on mycanadalifeatwork.com.

Withdrawals and account closing fees

Withdrawal fees are subject to the terms of the plan(s). They apply to each calendar year.

For RRSP and NRSP, the fees are based on your total NextStep account value, as shown in the table below. A withdrawal fee may be deducted from your withdrawal, depending on your NextStep account value and number of withdrawals you make from each plan type.

	Transaction/service	Fee
RRSP and NRSP (balances under \$250,000)	First withdrawal in a year	\$50
	Second or more withdrawals in a year	\$50
	Full transfer of account	\$150*
RRSP and NRSP (balances of \$250,000 and above)	First four withdrawals in a year	No charge
	Fifth and subsequent withdrawals in a year	\$50
	Full transfer of account	\$150*
TFSA	First and second withdrawal in a year	No charge
	Third or more withdrawal in a year	\$25

*There's no cost to transfer an account into another group plan with The Canada Life Assurance Company.

Unscheduled, lump-sum withdrawals from retirement income plans

An unscheduled withdrawal is an extra withdrawal from your retirement income plan and isn't one of your regularly scheduled payment dates. Increasing the amount of your scheduled payments isn't considered an unscheduled withdrawal.

	Transaction/service	Fee
LIF and RIF	First to fourth unscheduled withdrawal in a year	No charge
	Fifth or more unscheduled withdrawal in a year	\$50
	Full transfer of account	\$150

Record-keeping options and fees

Transaction/service	New Fee
Duplicate paper member statement	\$25**
Duplicate paper tax receipt (contributions or withdrawals)	\$10**
Calculation of the division of assets due to marriage or relationship breakdown	\$100***

**Fee only applies if a free, online version is available.

***Fee may not apply in all provinces.

Cheque and payment processing fees

Transaction/service	New Fee
Replace or cancel a manual cheque	\$25

Locating a missing person

If a benefit becomes payable under the terms of your plan(s) and the location of the beneficiary is unknown, a fee is charged for finding them so they can receive their payment. The fee will be deducted from your associated NextStep account(s).

Guaranteed investment withdrawal values

The value of your guaranteed investment account will be calculated at book value when you:

- Retire
- Die
- Receive scheduled payments during retirement
- Choose to make a withdrawal at the end of the interest rate guarantee period

You'll receive the lesser of the book value or market value of your guaranteed investment if you make a withdrawal or unscheduled payment before the end of the interest rate guarantee period (maturity date).

If you transfer between investments and retirement income plans, your guaranteed investment account value will be calculated at market value.

Book value

If a withdrawal or scheduled payment is made before the end of the interest guarantee period, or in other words before its maturity date, the value received will be calculated by applying the guaranteed interest rate to the initial investment from the time the investment was made until the date of the withdrawal. For example, if a contribution of \$1,000 was made to a one-year guaranteed investment, the book value after six months would be \$1,000 plus six months worth of its guaranteed interest.

Market value

If a withdrawal or unscheduled payment is made before the end of the interest guarantee period, or in other words before its maturity date, the value will be based on two calculations. First, we'll determine the amount the guaranteed investment would have been worth if held to the original maturity date. That amount will then be discounted from the maturity date to the date of withdrawal using the then current interest rate for the same guaranteed term at the time of the withdrawal. The amount received could be higher or lower than the book value, and depends on whether the interest rates at the time of withdrawal are higher or lower than the interest rate at the time of your original investment.

Frequent trading

We monitor your investment activity to screen for excessive trading. We do this because frequent trading is an investment strategy that hurts other members who are invested in the same variable investments. If you're buying and selling your investments too often, we may charge a frequent trading fee (up to 2% of the amount exchanged) or not allow you to make the trades you've requested.

Important notes

The fees listed in this schedule are subject to change. IMFs exclude applicable taxes and FOEs. These fees are current as of Nov. 10, 2023. You may ask for an updated Schedule of fees at any time.

For group savings plans, your account value as of June 30 of each year determines your IMFs, interest rates and withdrawal fees for the following year. If any changes are needed, we'll make them by Aug. 31.

For group retirement income plans, your account value when you enrol in these plans determines your IMFs and interest rates, which typically don't change. If you transfer a part of your plan to or from another financial institution or if you make a significant withdrawal, your account value will be reviewed and your IMFs and interest rates will be adjusted if necessary.

This Schedule of fees applies to plan numbers 36745, 38028 and 62396.

*** These funds are not available for tax-free savings accounts and non-registered plans.

**** These funds are not available to new plan members.

Do you have a Freedom Financial registered education savings plan (RESP)?

You can get the **RESP Fee schedule** on **My Canada Life at Work** by following these steps:

1. Sign in to your account
2. Go to **Info centre**
3. Select **For savings**
4. Find the Fee schedule in the **Planning and learning** section

My Canada Life at Work™ – mycanadalifeatwork.com

On My Canada Life at Work, you'll find more information about investments, rates of return and fund reports.

Freedom Financial NextStep group retirement savings and income products are issued by The Canada Life Assurance Company (Canada Life). Features, terms and fees for the Freedom Financial NextStep group plans are determined and reviewed periodically. Investment management fees charged in accordance with this Schedule are paid to investment managers and/or Canada Life as outlined in this Schedule. Fees deducted from transactions in accordance with this Schedule are payable to Canada Life.
