Section 3: Terms of Insurance and Renewability

This policy is for a term of one year:

- commencing on the Policy Effective Date; and
- ending on the day before the first *Annual Renewal Date* following the Policy Effective Date.

Canada Life will automatically renew this policy every year for successive one-year terms commencing on the *Annual Renewal Date*. This policy must be in force on the day before each *Annual Renewal Date* in order to be renewed.

Canada Life reserves the right to change the *Annual Renewal Date* from time to time. If the *Annual Renewal Date* is changed, the effect of such a change will be to extend the then-current term of insurance to the day before the new *Annual Renewal Date*.

Section 4: Cancellation and Termination

Cancellation

Canada Life has the right to cancel this policy on any *Annual Renewal Date*, provided the cancellation will be made to all policies within a particular Risk Class and will not affect only the policy of the individual *Owner*. Canada Life will give written notice of a cancellation to the *Owner* at least 31 days prior to the cancellation date.

Termination

This policy will terminate on the earliest of:

- the date the *Owner* ceases to be covered under the Government Plan which provides coverage in the *Owner's* province or territory of residence;
- the date the *Owner* ceases to be a permanent resident of Canada;
- the last day of the month, in which:
 - the last day of the grace period occurs, if the premium due has not been paid in full by that date;
 - cancellation under the above Cancellation provision occurs;
 - the end of the premium period occurs when Canada Life receives a Written Request from the *Owner* to terminate the policy; or
 - the *Owner* dies.

- Coverage for an Insurable Spouse or Insurable Child will terminate on the earliest of:
- the date the Insurable Spouse or Insurable Child ceases to be covered under the Government Plan which provides coverage in their province or territory of residence;
- the date the Insurable Spouse or Insurable Child ceases to be a permanent resident of Canada;
- the last day of the month in which:
 - the policy terminates;
 - the person ceases to qualify as an Insurable Spouse or an Insurable Child;
 - the *Insured's* death occurs; or
 - the end of the premium period occurs when Canada Life receives a Written Request from the *Owner* terminating coverage for a named *Insured*.

Section 5: Premium

Payment of Premium

The *Owner* will pay, or cause to be paid, the premium when due.

Premiums are due monthly. The first premium is due and payable on or before the Policy Effective Date. Thereafter, each premium is due in advance on the day shown under *Premium Frequency* on the *Policy Specifications*.

All premiums after the first premium must be paid to Canada Life or its authorized administrator. Payment may be made by way of a debit to the credit card account or pre-authorized withdrawal from the account of the *Owner*, or from the account of the premium payor if other than the *Owner*. The *Owner*, or premium payor if not the *Owner*, may, by Written Request, change the designated account from which payment is to be made.

Change in Premium at Renewal

Prior to each *Annual Renewal Date*, Canada Life will establish the premium for the next one-year term based on:

- the anticipated experience of the Risk Class applicable to this policy; and
- the age of the oldest *Insured* listed on the *Policy Specifications* at the next *Annual Renewal Date*

The new premium will take effect on the *Annual Renewal Date* of this policy. Any change based on anticipated experience will affect all policies within the Risk Class with the same *Annual Renewal Date* and not only the policy of the *Owner*. Canada Life will not change the premium based on anticipated experience more than once in any 12-month period.

Canada Life will give written notice of a change in premium no less than 31 days before the *Annual Renewal Date*. This written notice will state the new premium and will be mailed to the *Owner* at the most recent address shown in Canada Life's records. If a change results in a decrease in premium, any excess premium already paid will be applied toward the next premium due.

Change in Premium Due to Change in Risk Class or Coverage

The premium will also change if an *Insured* becomes a member of a different Risk Class. Reasons that an *Insured* may become a member of a different Risk Class include:

- a change in province or territory of residence; or
- approval or termination of coverage for an Insurable Spouse or Insurable Child.

The *Owner* must notify Canada Life in writing upon the occurrence of any change in an *Insured's* province or territory of residence and the date the change occurred. The change in premium will be effective on the first day of the month following the date of the change in the province or territory of residence.

Reasons that the premium may change due to a change in coverage include:

- approval or termination of coverage for an Insurable Spouse or Insurable Child after the policy has been issued; and
- when coverage is increased or decreased after the policy has been issued.

A change in premium resulting from approval of coverage for an Insurable Spouse or Insurable Child or an increase in coverage will be effective on the first day of the month following:

- approval of coverage for an Insurable Spouse or Insurable Child; or
- the Written Request from the *Owner* to increase coverage.

A change in premium resulting from termination of coverage for an Insurable Spouse or Insurable Child or a decrease in coverage will be effective on the last day of the month following the termination or a decrease in coverage.

Other Changes in Premium

Canada Life also has the right to change the premium at any time for any of the following reasons provided that the change will affect all policies within a Risk Class and not only the policy of the *Owner*:

- if the introduction, revision, or repeal of a government law or regulation results in a change in the benefits payable under this policy or taxes payable to a government authority;
- if the benefits payable under this policy are affected by a change in a Government Plan, hospital rates, the Compendium of Pharmaceuticals and Specialties, the Canadian Dental Association Uniform System of Coding and List of Services or similar rate guides approved by the appropriate governing body;
- if there is a change in the coverage provided by this policy.

Any change in premium for the above reasons will be made to all policies within a particular Risk Class and will not affect only the policy of an individual *Owner*.

Written notice of a change in premium will be mailed to the *Owner* at the most recent address shown in Canada Life's records, no less than 31 days before any change in premium becomes effective.

The written notice will state the new premium and effective date of the change. If a change results in a decrease in premium, any excess premium already paid will be applied toward the next premium due.

Additional Fees

Canada Life may charge a fee for services requested by the *Owner* in accordance with Canada Life's then-current fee schedule. Canada Life will notify the *Owner* of the fee and its due date.

Grace Period

Except for the first premium, a 31-day grace period will be allowed for payment of premium or additional fees not paid when due. This policy will remain in force during any grace period. This policy will terminate automatically on the last day of the grace period if the premium or any additional fees are still unpaid at the end of the grace period, unless otherwise provided.

Section 6: Covered Healthcare Services and Supplies

This section describes the Covered Healthcare Services and Supplies benefits covered by this policy.

- *Reimbursement Level* for all other eligible health expenses of 100%; and
- limitations, exceptions and exclusions set out in this policy, and all other provisions of this policy.

Prior Authorization

In order to determine whether coverage is provided for certain services or supplies, Canada Life maintains a limited list of services and supplies that require prior authorization.

Prior Authorization is intended to help ensure that a service or supply represents reasonable treatment.

- a description of the *Insured's* Injury or Sickness;

Section 9: Claim Provisions

Proof of Claim

Benefits under this policy will only be paid for Covered Expenses for which Canada Life has received proof satisfactory to Canada Life that payment is due. For benefits under the Covered Dentalcare Services and Supplies section, proof must include pre-treatment radiographs and study models when required by Canada Life.

Claim Responsibility

The *Owner* must provide, or cause to be provided, information required to prove entitlement to benefits, and must also authorize Canada Life to obtain information from other sources for this purpose.

Coordination of Benefits

Benefits under this policy are coordinated when other similar coverage is available.

Government Plans

When reimbursement is available under a Government Plan, each Covered Expense is reduced by the amount payable under that plan. The reduced Covered Expense is then considered to be a Covered Expense under all other coordination provisions.

The reduced Covered Expense is subject to the *Reimbursement Levels*, *Deductible* and *Maximum Benefit Amounts* shown on the *Policy Specifications* and to the limitations and exceptions under this policy.

Other Health Insurance Plans

Benefits under this policy are coordinated when other similar coverage is in effect. For example, when coverage is in effect under another plan, such as a credit card plan, each Covered Expense is coordinated with the other plan, so that the total payment does not exceed 100 per cent of Covered Expenses under this policy. Benefits payable are subject to the *Reimbursement Levels*, *Deductible* and *Maximum Benefit Amounts* shown on the *Policy Specifications* and to the limitations and exceptions under this policy.

Where both Canada Life and an Other Health Insurance Plan have reimbursed the *Owner* for expenses which are Covered Expenses, the *Owner* will repay Canada Life for its portion of the expense, so that the total payment does not exceed 100 per cent of Covered Expenses under this policy.

Right to Release or Receive Information

Canada Life may release or receive information required for coordination of benefits without specific authorization.

Assignment of Rights Against Third Parties

If benefits are paid for expenses incurred as a result of the actions of a third party, for example, as a result of a car accident, the *Insured* agrees to transfer any rights of action to Canada Life. The *Insured* must reimburse Canada Life for any amounts recovered from the third party. The *Insured* must cooperate fully with Canada Life if Canada Life brings a legal action against the third party.

Pre-Determination of Covered Dentalcare Services and Supplies

To determine the extent of benefits payable under this policy, it is recommended that an *Insured* submit a treatment plan, as described below, to Canada Life before having dental treatment that will cost \$200 or more.

On receipt of the treatment plan, Canada Life will advise the *Owner* of the estimated amount payable under this policy. This pre-determination of benefits is only valid for 90 days.

Treatment Plan

A treatment plan must contain the Dentist's confirmation of:

- the recommended treatment for complete correction of the *Insured's* conditions;
- the approximate date of completion; and
- the estimated cost.

Payment of Claims

Benefits will be paid to the *Owner* unless:

- the *Owner* chooses to assign benefits to the provider of services; and
- assignments to the provider of service are acceptable according to Canada Life's administrative practices at the time of claim.

Overpayment

If an *Insured's* benefits are overpaid, the *Owner* is responsible for repayment within six months, or within a longer period if agreed to by Canada Life. If the *Owner* fails to fulfill this responsibility, further benefits payable will be withheld until the overpayment is recovered. This does not limit Canada Life's right to use other legal means to recover the overpayment.

Section 10: Reinstatement

If this policy terminates due to:

- non-payment of premium;
- the *Owner* ceasing to be covered under a Government Plan in the *Owner's* province or territory of residence; or
- the *Owner* ceasing to be a permanent resident of Canada;

the *Owner* may apply to reinstate this policy. The *Owner* must:

- apply in writing within 3 months after the date this policy terminated;
- pay any premiums owing from the period prior to the date this policy terminated and any premiums that would be payable to the end of the month in which the application for reinstatement is made if the policy had remained in force, plus interest on these premium amounts at the rate we apply at that time and any additional fees;
- be covered under a Government Plan in the *Owner's* province or territory of residence;
- be a permanent resident of Canada; and
- provide evidence of insurability satisfactory to Canada Life for all *Insureds* if requested by Canada Life.

If Canada Life approves the application for reinstatement, the policy will be put back into effect as if it had not terminated.

Section 11: Surviving Spouse and Child Conversion Coverage

Canada Life will automatically continue coverage where the coverage for an Insurable Spouse and an Insurable Child would otherwise cease solely because of the death of the *Owner*, unless the Insurable Spouse has advised Canada Life to terminate the policy. The *Insureds* may become members of a different Risk Class due to the death of the *Owner*.

Within 31 days of receiving written notice of the *Owner's* death, Canada Life will provide the Insurable Spouse with:

- Policy Specifications naming the Insurable Spouse as the Owner; and
- the change in premium due to change in Risk Class, if applicable.

Section 12: Change in Policy Provisions

Canada Life has the right to change this policy's provisions on an *Annual Renewal Date*. Except as allowed under the sections dealing with changes in premium, Canada Life will not change this policy's provisions other than on an *Annual Renewal Date*, unless the change is related to the introduction, revision, or repeal of a government law or regulation that affects the benefits or taxes payable under this policy.

Canada Life will give the *Owner* written notice of any change to the policy's provisions. Written notice of a change that takes effect on an *Annual Renewal Date* will be mailed to the *Owner* at the most recent address shown in Canada Life's records no less than 31 days before any change in premium becomes effective.

Section 13: General Provisions

Currency

All amounts to be paid to or by Canada Life will be in Canadian currency.

Medical and Dental Assessments

Canada Life has the right to conduct necessary investigations relating to applications or claims, and to obtain independent medical or dental assessments if required. Canada Life must also be given the opportunity to examine the *Insured* for whom an application or claim is made as often as it may reasonably require during the course of an investigation or assessment.

Canada Life may assume the cost of assessments or investigations according to its administrative practices at the time of application or claim.

Misstatement of Age

Canada Life may request proof of an *Insured's* age at any time. If the *Insured's* age has been misstated, entitlement to insurance and benefits will be determined according to the *Insured's* true age.

If premiums have been underpaid for an *Insured's* true age, the *Owner* must pay a retroactive adjustment before any benefits will be paid or continued.

If premiums have been overpaid for an *Insured's* true age, Canada Life will pay or credit a retroactive adjustment to the *Owner*.

Payment to Estate

Benefits will be paid to the *Owner* if living, otherwise to the *Owner's* estate, except as provided below or elsewhere in this policy.

If benefits are payable to the *Owner's* estate or to an *Owner* who cannot execute a valid release, Canada Life may pay benefits up to \$2,000, or such other amount as may be permitted by law, to a person who is related to the *Owner* by blood or marriage, or to any person whom Canada Life considers to be equitably entitled to such benefits. Canada Life will be discharged to the extent of any such payments made in good faith.

Incontestability

Canada Life may void the contract if any statement or answer in an Application misrepresents or fails to disclose any fact material to the insurance. Canada Life will not, for the above reasons, void the contract after it has been in force for two consecutive years following the later of the Policy Effective Date and the last date of reinstatement of this policy, if any, except in the case of fraud.

This provision does not apply to a misstatement of age.

Disclosure Provisions

If asked to do so within two years after notification of a decision concerning insurance, Canada Life will disclose to the *Owner* or *Insured* the name of each person or organization that provided information concerning the *Owner's* Application or claim.

If an *Owner* or *Insured* submits written authorization from a person or organization that provided medical information, Canada Life will disclose the information to the *Owner* or *Insured*, or at Canada Life's discretion, to the *Owner's* or *Insured's* doctor.

Canada Life may, without specific authorization, disclose information about an *Insured's* claim to another insurer or benefits administrator if:

- the information could be relevant to assessment of the claimant's entitlement to other benefits for the same period of time; and
- Canada Life gives the information in confidence with the stipulation that it may not be released to another party.

Appeals

An *Owner* has the right to appeal a denial of all or part of the insurance or benefits described in this policy as long as the *Owner* does so within two years after the denial. An appeal must be in writing and must include the *Owner's* reasons for believing the denial to be incorrect.

Conformity to Legislation

If this policy does not conform to legislation that governs it, it is considered automatically amended to comply with the minimum requirements of that legislation.

Section 14: Statutory Conditions

Certain conditions must be contained in this policy by law and are referred to as Statutory Conditions. These conditions are set out in this section and in the sections referred to below.

Copy of Application

Canada Life shall, upon request, furnish to the *Owner*, the *Insured*, or a claimant under the contract, a copy of the Application.

The Contract

The Application, this policy, any document attached to this policy when issued, and any amendment to the contract agreed upon in writing after the policy is issued, constitute the entire contract, and no agent has authority to change the contract or waive any of its provisions.

Waiver

Canada Life shall not be deemed to have waived any condition of the contract, either in whole or in part, unless the waiver is clearly expressed in writing signed by an authorized officer of Canada Life.

Material Facts

No statement made by the *Owner* or the *Insured* at the time of any application for the contract shall be used in defence of a claim under or to avoid the contract unless it is contained in the Application or any other written statements or answers furnished as evidence of insurability.

Notice and Proof of Claim

The *Owner*, the *Insured* or a beneficiary entitled to make a claim or the agent of any of them, shall:

- give written notice of claim to Canada Life within 90 days from the date a claim arises under the contract on account of an Injury or Sickness,

 - by delivery of the written notice of the claim to an authorized agent of Canada Life in the Province;
- furnish to Canada Life such proof as is reasonably possible in the circumstances, within 90 days from the date a claim arises under the contract on account of an Injury or Sickness, or the commencement of the Sickness, if applicable, and the loss occasioned thereby, the right of the claimant to receive payment, the claimant's age, and the age of the beneficiary, if relevant; and if required by Canada Life, furnish a satisfactory certificate as to the cause or nature of the Injury or Sickness for which claim may be made under the contract and as to the duration of such disability.

Company to Furnish Forms for Proof of Claim

Canada Life shall furnish forms for proof of claim within 15 days after receiving notice of claim, but where the claimant has not received the forms within that time, the claimant may submit proof of claim in the form of a written statement of the cause or nature of the Injury or Sickness giving rise to the claim and the extent of any loss.

Failure to Give Notice or Proof

Failure to give notice of claim or furnish proof of claim within the time prescribed by this Statutory Condition does not invalidate the claim if the notice or proof is given or furnished as soon as reasonably possible, and in no event later than 15 months from the date of the Injury or the date a claim arises under the contract on account of Sickness, if applicable, if it is shown that it was not reasonably possible to give notice or furnish proof within the time so prescribed.

When Moneys Payable

All money payable under the contract must be paid by the insurer within 60 days after it has received proof of claim.

Limitations of Actions

An action or proceedings against Canada Life for the recovery of a claim under this contract shall not be commenced more than one year after the date the insurance money becomes payable or would have become payable if it had been a valid claim.

Termination by Insured

This condition has been replaced by the Cancellation and Termination provision in Section 4 of this policy.

Termination by Insurer

This condition has been replaced by the Cancellation and Termination provision in Section 4 of this policy.
