

Addendum to Canada Life Originally with London Life

Standard series, Preferred series 1, Partner series, Preferred partner series and Constellation series Information Folder

Effective on or about August 2, 2022, the information folder is amended to remove the \$100,000 minimum investment threshold amount for investment in Preferred series 1 and Preferred partner series.

To invest in Preferred series 1 or Preferred partner series the current \$500,000 minimum total holdings threshold in one or more approved eligible products remains in place. If you make any redemption that drops the value below the minimum total holdings threshold, we may switch the market value of all your Preferred series 1 or Preferred partner series units to Standard series or Partner series units.

This addendum forms part of the information folder and Fund Facts Booklet. The information folder contains general information about your policy and includes a summary of the various types of risks and fees that may apply when you invest in a segregated fund. This addendum is not an insurance contract.

The Canada Life Assurance Company ("Canada Life") is the sole issuer of the individual variable annuity policy described in the information folder.
