#### A NOTE ON FORWARD-LOOKING STATEMENTS

This report may contain forward-looking statements that reflect our current expectations or forecasts of future events. Forward-looking statements include statements that are predictive in nature, depend upon or refer to future events or conditions, or include words such as "expects", "anticipates", "intends", "believes", "estimates", "preliminary", "typical" and other similar expressions. In addition, these statements may relate to future corporate actions, future financial performance of a fund or a security and their future investment strategies and prospects. Forward-looking statements are inherently subject to, among other things, risks, uncertainties and assumptions that could cause actual events, results, performance or prospects to differ materially from those expressed in, or implied by, these forward-looking statements. These risks, uncertainties and assumptions include, without limitation, general economic, political and market factors in North America and internationally, interest and foreign exchange rates, the volatility of global equity and capital markets, business competition, technological change, changes in government regulations, changes in securities laws and regulations, changes in tax laws, unexpected judicial or regulatory proceedings, catastrophic events, outbreaks of disease or pandemics (such as COVID-19), and the ability of Canada Life Investment Management Ltd. to attract or retain key employees. The foregoing list of important risks, uncertainties and assumptions is not exhaustive. Please consider these and other factors carefully and do not place undue reliance on forward-looking statements.

The forward-looking information contained in this report is current only as of the date of this report. There should not be an expectation that such information will in all circumstances be updated, supplemented or revised whether as a result of new information, changing circumstances, future events or otherwise.

INTERIM MANAGEMENT REPORT OF FUND PERFORMANCE | For the Period Ended September 30, 2022

# **Management Discussion of Fund Performance**

November 10, 2022

This Management Discussion of Fund Performance presents the portfolio management team's view on the significant factors and developments that have affected the performance and outlook of Canada Life Precious Metals Fund (the "Fund") in the six-month period ended September 30, 2022 (the "period"). If the Fund was established during the period, "period" represents the period since inception.

In this report, "CLIML" and "the Manager" refer to Canada Life Investment Management Ltd., which is wholly owned by The Canada Life Assurance Company ("Canada Life"). The Manager has entered into a fund administration agreement with Mackenzie Financial Corporation ("Mackenzie"), an affiliate of the Manager and Canada Life, for administrative services. In addition, net asset value ("NAV") refers to the value of the Fund as calculated for transaction purposes, on which the discussion of Fund performance is based.

Please read A Note on Forward-Looking Statements on the first page of this document.

On January 11, 2022, investors of Mackenzie Precious Metals Fund (the "Predecessor Fund") approved a reorganization whereby investors holding units of Canada Life series of the Predecessor Fund were transitioned into the corresponding series of the Fund effective March 11, 2022. Consequently the information in this report is presented as if the Fund had existed since the inception of the Predecessor Fund.

All series of the Fund are closed to new investments, except for purchases from investors that held securities of the Predecessor Fund, Mackenzie Precious Metals Fund, as of July 30, 2021, and continue to hold securities of the Fund.

# Results of Operations

### **Investment Performance**

The performance of all series in the current and previous periods is shown in the *Past Performance* section of the report. Performance will vary by series primarily because fees and expenses differ between series, or because securities of a series were not issued and outstanding for the entire reporting period. Please refer to the *Fund Formation and Series Information* section of this report for the varying management and administration fees payable by each series. The following comparison to market indices is intended to help investors understand the Fund's performance relative to the general performance of the markets. However, the Fund's mandate may be different from that of the indices shown.

During the period, the Fund's A Series securities returned -33.8% (after deducting fees and expenses paid by the series). This compares with a return of -13.0% for the Fund's broad-based index, the MSCI World (Net) Index, and a return of -29.7% for the Fund's narrow index, the S&P/TSX Global Gold Index. All index and series returns are calculated on a total return basis in Canadian dollar terms. Investors cannot invest in an index without incurring fees, expenses and commissions, which are not reflected in the index returns.

A stronger U.S. dollar and high inflation contributed to economic weakness across many global economies over the period. European economies also faced energy supply concerns and an increasing cost of living, while China's growth slowed in response to its ongoing "zero COVID-19" policy. The U.S. economy was relatively stronger but also showed signs of slowing. Moderating economic indicators and expectations of higher interest rates put downward pressure on equity markets.

Despite persistently high inflation, the price of gold ended the period with a decline of almost 8% in Canadian dollar terms as many global central banks resolved to bring inflation under control by raising policy rates. Most of these central banks

indicated that more rate increases should be expected. In addition, the U.S. dollar was strong relative to most other major currencies, which is generally not supportive of gold prices.

The Fund underperformed the broad-based index because of its exposure to gold equities. Given the Fund's mandate, the return of the narrow index is a more meaningful comparison.

The Fund underperformed the narrow index, with stock selection in Canada and holdings in Australia detracting from performance. In sub-industry terms, stock selection in gold and holdings in copper detracted from performance.

Conversely, underweight exposure to the United States contributed to performance. In sub-industry terms, holdings in silver contributed to performance.

The Fund held call options on the price of gold, which is an efficient way to gain exposure to the commodity. These options detracted from performance as the price of gold fell during the period.

Over the period, neither portfolio activity nor market developments significantly changed the positioning of the Fund.

#### **Net Assets**

The Fund's net assets decreased by 34.9% during the period to \$130.9 million. This change was composed primarily of \$66.3 million in net losses (including any interest and/or dividend income) from investment performance, after deducting fees and expenses, and a decrease of \$4.0 million due to net securityholder activity (including sales, redemptions and cash distributions).

### **Fees and Expenses**

The annualized management expense ratio ("MER") for each series during the period ended September 30, 2022, was generally similar to the MER for the year ended March 31, 2022. Total expenses paid vary from period to period mainly as a result of changes in average assets in each series. The MER for F Series decreased due to a decrease in the management fee rate effective July 22, 2022, as noted in the *Fund Formation and Series Information* section of the report. The MERs for all series are presented in the *Financial Highlights* section of this report.

### Recent Developments

Effective July 22, 2022, the annual management fee rate for F Series was reduced to 0.80% from 1.00%.

Effective July 22, 2022, the minimum initial investment amount for each of the high net worth series (N Series, N5 Series, N8 Series, QFW Series, QFW5 Series, W Series, W5 Series and W8 Series, as applicable) was reduced from \$100,000 to \$500 to align with the minimum initial investment amount for all retail series. The \$500,000 minimum total holdings amount for high net worth series was unchanged.

Effective July 22, 2022, the management fee rate reduction program for F Series, F5 Series and F8 Series was eliminated for total holdings between \$100,000 and \$499,999 due to the lowering of management fee rates for these series. A new management fee rate reduction program was implemented for F Series, F5 Series, F8 Series, QFW Series, QFW5 Series, W Series, W5 Series and W8 Series (as applicable) based on an investor's total holdings above \$2.5 million, at the following rates: 0.05% (\$2,500,000 to \$4,999,999); 0.10% (\$5,000,000 to \$9,999,999); and 0.15% (\$10,000,000 or higher).

Effective September 16, 2022, FW Series was redesignated as F Series.

# Related Party Transactions

## **Management and Administration Services**

For each applicable series, the Fund paid management fees and administration fees to the Manager at the annual rates specified under *Fund Formation and Series Information* in this report and as more fully described in the Prospectus. The Manager paid the administration fees to Mackenzie for providing day-to-day administration services, including financial reporting, communications to investors and securityholder reporting, maintaining the books and records of the Fund, NAV calculations and processing orders for securities of the Fund. In return for the administration fees, Mackenzie pays all costs and expenses (other than certain specified fund costs) required to operate the Fund that are not included in management fees. See also *Management Fees*.

### **Other Related Party Transactions**

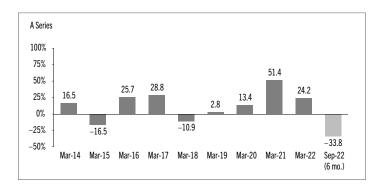

The Manager is wholly owned by Canada Life, which in turn is a subsidiary of Power Corp. of Canada. Companies related to Power Corp. of Canada are therefore considered affiliates of the Manager. At September 30, 2022, the Fund held the following investment(s) in companies affiliated with the Manager: \$0.8 million invested in securities issued by Umicore SA. The investment(s) represented 0.6% of the Fund's NAV. In making the investment(s), the Manager relied on the approval of the Canada Life Funds' Independent Review Committee. The Independent Review Committee issued the approval on the basis that the investment(s) would be made in compliance with the Manager's policies. At September 30, 2022, the Fund also had \$2.9 million (2.2% of the Fund's NAV) invested in underlying funds managed by Mackenzie. In making the investment(s), the Manager relied on a standing instruction from the Canada Life Funds' Independent Review Committee. The Manager's policies are designed to ensure that any related party transaction (i) is made free from any influence by an entity related to the Manager and without taking into account any considerations relevant to an entity related to the Manager; (ii) represents the business judgment of the Manager, uninfluenced by considerations other than the best interests of the Fund; and (iii) achieves a fair and reasonable result for the Fund.

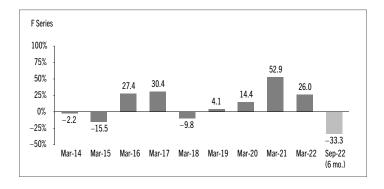

Certain other investment funds managed by CLIML and segregated fund policies issued by Canada Life may invest in the Fund on a prospectus-exempt basis in accordance with the investment objectives of those funds. At September 30, 2022, these other investment funds and segregated funds owned 80.5% of the Fund's NAV. All related party transactions are based on the NAV per security on each transaction day. As a result of these investments, the Fund may be subject to large transaction risk as discussed in the Prospectus. CLIML manages this risk to reduce the possibility of any adverse effect on the Fund or on its investors, through such processes as requiring advance notice of large redemptions.

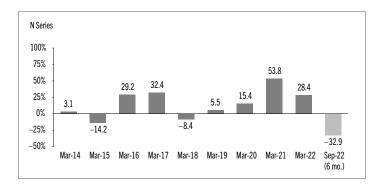

### Past Performance

The following bar charts present the performance of each series of the Fund for each of the fiscal periods shown. The charts show, in percentage terms, how much an investment made on the first day of each fiscal period, or on the series inception or reinstatement date, as applicable, would have increased or decreased by the last day of the fiscal period presented. Series inception or reinstatement dates can be found under *Fund Formation and Series Information*.

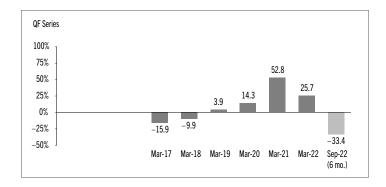

The past performance before March 11, 2022, is based on the performance of the applicable series of the Predecessor Fund, which was reorganized into the corresponding series of the Fund on that date.

- (1) These calculations are prescribed by securities regulations and are not intended to be a reconciliation between opening and closing net assets per security. This information is derived from the Fund's unaudited interim financial statements and audited annual financial statements. The net assets per security presented in the financial statements may differ from the net asset value per security calculated for fund pricing purposes. An explanation of these differences, if any, can be found in the Notes to Financial Statements.
- (2) Net assets and distributions are based on the actual number of securities outstanding at the relevant time. The increase/decrease from operations is based on the weighted average number of securities outstanding over the fiscal period.
- (3) Distributions were paid in cash/reinvested in additional securities of the Fund, or both.
- (4) Effective September 16, 2022, FW Series was redesignated as F Series.

- (1) This information is provided as at the end of the fiscal period shown.
- (2) Management expense ratio ("MER") is based on total expenses, excluding commissions and other portfolio transaction costs, income taxes and withholding taxes, for the stated period and is expressed as an annualized percentage of daily average net assets during the period, except as noted. In the period a series is established, the MER is annualized from the date of inception to the end of the period. Where the Fund directly invests in securities of another fund (including exchange-traded funds or "ETFs"), the MERs presented for the Fund include the portion of MERs of the other fund(s) attributable to this investment. Any income distributions received from ETFs managed by affiliates of the Manager, with the intention of offsetting fees paid within those ETFs but which are not considered to be duplicative fees under regulatory requirements, are treated as waived expenses for MER purposes. The Manager may waive or absorb operating expenses at its discretion and stop waiving or absorbing such expenses at any time without notice.
- (3) The trading expense ratio ("TER") represents total commissions and other portfolio transaction costs incurred as an annualized percentage of daily average net assets during the period. Where the Fund invests in securities of another fund (including ETFs), the TERs presented for the Fund include the portion of TERs of the other fund(s) attributable to this investment.
- (4) The Fund's portfolio turnover rate indicates how actively the Fund's portfolio advisor manages its portfolio investments. A portfolio turnover rate of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the period. The higher the Fund's portfolio turnover rate in a period, the greater the trading costs payable by the Fund in the period, and the greater the chance of an investor receiving taxable capital gains in the year. There is not necessarily a relationship between a high turnover rate and the performance of a fund. The portfolio turnover rate is not provided when the Fund is less than one year old. The value of any trades to realign the Fund's portfolio after a fund merger, if any, is excluded from the portfolio turnover rate.
- (5) Effective September 16, 2022, FW Series was redesignated as F Series.

INTERIM MANAGEMENT REPORT OF FUND PERFORMANCE | For the Period Ended September 30, 2022

# **Management Fees**

The management fee for each applicable series is calculated and accrued daily as a percentage of its NAV. The Fund's management fees were used by the Manager in part to pay Mackenzie Financial Corporation, an affiliate of the Manager, for investment advisory services, including managing the investment portfolio of the Fund and/or the underlying fund(s), as applicable, including providing investment analysis and recommendations, making investment decisions and making brokerage arrangements for the purchase and sale of the investment portfolio.

The Manager is responsible for paying certain administrative costs and all sales commissions, trailing commissions and any other compensation (collectively, "distribution-related payments") to registered dealers whose clients invest in the Fund. As the principal distributor for the Fund, Quadrus Investment Services Ltd. ("Quadrus"), an affiliate of the Manager, is paid trailing commissions out of the management fees.

The Manager used approximately 30% of the total management fee revenues received from all Canada Life Mutual Funds during the period to fund distribution-related payments to Quadrus and Quadrus-authorized dealers. In comparison, such distribution-related payments for the Fund represented on average 30% of the management fees paid by all applicable series of the Fund during the period. The actual percentage for each series may be higher or lower than the average depending on the level of trailing commissions and sales commissions paid for that series.

### **Fund Formation and Series Information**

The Fund may have undergone a number of changes, such as a reorganization or a change in manager, mandate or name. A history of the major changes affecting the Fund in the last 10 years can be found in the Fund's Simplified Prospectus.

Date of Formation of the Predecessor Fund: October 26, 2000

The Fund may issue an unlimited number of securities of each series. The number of issued and outstanding securities of each series is disclosed under Financial Highlights.

Series Distributed by Quadrus Investment Services Ltd. (255 Dufferin Ave., London, Ontario, N6A 4K1; 1-888-532-3322; www.canadalifeinvest.ca)

All series of the Fund are no longer available for sale, except for additional purchases by investors who held securities of the Predecessor Fund as of July 30, 2021, and continue to hold securities of the Fund.

A Series securities are offered to investors investing a minimum of \$500.

F Series securities are offered to investors investing a minimum of \$500, who are enrolled in a Quadrus-sponsored fee-for-service or wrap program and who are subject to an asset-based fee.

N Series securities are offered to investors investing a minimum of \$500, who have eligible minimum total holdings of \$500,000, and who have entered into an N Series Account Agreement with CLIML and Quadrus.

QF Series securities are offered to retail investors investing a minimum of \$500. Investors are required to negotiate their advisor service fee, which cannot exceed 1.25%, with their financial advisor.

QFW Series securities are offered to high net worth investors investing a minimum of \$500 and who have eligible minimum total holdings of \$500,000.

Series S securities are offered to The Canada Life Assurance Company and certain other mutual funds, but may be sold to other investors as determined by CLIML.

W Series securities are offered to investors investing a minimum of \$500 and who have eligible minimum total holdings of \$500,000.

Effective September 16, 2022, FW Series securities were redesignated as F Series securities.

An investor in the Fund may choose among different purchase options that are available under each series. These purchase options are a sales charge purchase option, a redemption charge purchase option, a low-load purchase option and a no-load purchase option. The charges under the sales charge purchase option are negotiated by investors with their dealers. The charges under the redemption charge and low-load purchase options are paid to CLIML if an investor redeems securities of the Fund during specific periods. Not all purchase options are available under each series of the Fund, and the charges for each purchase option may vary among the different series. For further details on these purchase options, please refer to the Fund's Simplified Prospectus and Fund Facts.
