

Investment details

at June 30, 2018

Portfolio size: \$3,074.1 million

Proportion of total assets of the Canada Life™ participating account: 48.4 per cent

Investment guidelines

Publicly traded bonds are managed by a specialized public bond unit located in Winnipeg. The guidelines are to invest in high-quality investment grade bonds. Diversification is maintained by sector, geography and by issuer. Public bonds support the long-term stable growth and core guarantees within participating policies and provide liquidity.

Performance data are provided for illustrative purposes only and represent past performance, which is not necessarily indicative of future performance.

The return on the bonds of the participating account reflects the return on the bond assets backing liabilities and surplus, after investment expenses are deducted. With the exception of unrealized gains and losses on bonds, which are excluded because bonds in the participating account are generally held until maturity, the return on the bonds of the participating account is in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB), effective Jan. 1, 2011.

The return on the bonds contributes to the overall investment performance of the total participating account.

Five-year guaranteed investment certificate (GIC) returns are based on the nominal yields to maturity taken from Statistics Canada, CANSIM table 176-0043, series V122526 (Statistics Canada website) Jan. 3, 2018. For each calendar year, the average of the monthly GIC rates was used.

Government of Canada five- to 10-year bond returns are taken from Statistics Canada, CANSIM table 176-0043, series V122486 (Statistics Canada website) Jan. 3, 2018. For each calendar year, the average of the monthly values was used.
